A BIOGRAPHICAL INFORMATION

Short Bio:

- 11 years of experience teaching physics to grades 10, 11, and 12.
- Focuses on fostering deep understanding and appreciation of physics.
- Combines inquiry-based learning with real-world applications to make physics accessible and engaging.

Personal Teaching Philosophy:

- Fosters curiosity, critical thinking, and a deep understanding of physics.
- Creates an engaging environment where students explore concepts and ask questions.

- **Focuses on:**
 - a. **Conceptual Understanding:** Prioritizing the principles of physics over formulas.
 - b. **Inquiry-Based Learning:** Encouraging experiments and active problem-solving.
 - c. **Real-Life Relevance:** Connecting physics to everyday life and technology.
 - d. **Collaborative Learning:** Promoting teamwork through projects and discussions.
 - e. Incorporating new strategies and technology to enhance learning...

Key Contributions to the Institution:

- Enhances the school's academic environment with an engaging physics curriculum.
- Organizes science clubs and mentors students for competitions.
- Collaborates with colleagues on professional development and connects with local organizations for enriching student experiences.
